Why is the soda cracker to-day such a universal food?

People ate soda crackers in the old days, it is true—but they bought them from a barrel or box and took them home in a paper bag, their crispness and flavor all gone.

To-day there is a soda cracker which is the recognized staple - Uneeda Biscuit.

Uneeda Biscuit are the most nutritious food made from flour and should be eaten every day by every member of the family from the youngest to the oldest.

Uneeda Biscuitsoda crackers better than any ever made before—made in the greatest bakeries in the world—baked to perfection — packed to perfection kept to perfection until you take them, oven-fresh and crisp, from their protecting package.
